

## **Project: Development of Web-Based Networks for Vocational Teachers in Montenegro**

### **Report from the Workshop delivered by Lead Teachers – Electrical Engineering**

Pursuant to the Project Plan, the team of Lead Teachers from occupational field of electrical engineering delivered two-day training to their colleagues on how to use Office 365 programme for the purpose of online collaboration. Besides the training, Lead Teachers presented portal for teachers ([www.skolskiportal.edu.me](http://www.skolskiportal.edu.me)) as the platform which may additionally support teachers to improve their everyday work.

The training was held on 2 and 3 March 2018 in the cabinet of VET School “Vaso Aligrudić” in Podgorica and attended by 11 trainees – VET teachers and 4 Lead Teachers. Lead Teachers who conducted the training with the support from the Ministry of Education trainer, Ms. Marina Matijević, are the following: Mileva Lučić and Violeta Rašković (Podgorica), Vladica Avramović (Pljevlja) and Dragan Simonović (Bijelo Polje).

During the workshop, the trainees were provided with the guidelines to jointly develop teaching materials and exchange various resources useful for teaching. The trainees were given tasks for each application presented and in the second part of the training, they were divided into groups which worked on the development of joint materials.

At the end of the training, online questionnaire was conducted. It was prepared by Lead Teachers by the use of application from Office 365 package by which the trainees were explained another functionality and possibility of this programme package. The questionnaire and its results are submitted to the Project team.

The training was also attended by the representatives of the VET Centre, Ministry of Education and Forum MNE and it was officially opened by the director of the VET School “Vaso Aligrudić”. Project team promoted this event on the website of the VET Centre as well as on social networks – Facebook and Twitter:
