Project: Development of Web-Based Networks for Vocational Teachers in Montenegro

Team Meeting Report

Project team members, the representatives of the VET Centre and Ministry of Education, met on 14/03/2018 to analyze the implementation of the project activities according to the Project plan.

The first matter discussed at the meeting were the outcomes of four workshops held within the project: workshop for Lead Teachers and workshops for VET teachers in the occupational fields of: electrical engineering, mechanical engineering and tourism. Taking into account the input of trainers and feedback of trainees, it can be concluded that the workshops were highly successful and motivation of VET teachers to take part in the project activities is on satisfactory level.

The next topic discussed was the increase the coverage of VET teachers by the project and the usage of school portal and Office 365 for collaborative purposes. The aim is to organize online meeting with Lead Teachers who will animate their colleagues to get involved in online community for the purpose of sharing teaching material and thus improving the quality of teaching on individual, school and national level.

Another matter discussed at the meeting was the creation of a promotional tool which will be user-friendly and easily distributed to all VET teachers in Montenegro. It was agreed that in the following 10 days, experts on the project will prepare concept design of the brochure and together with other team members jointly agree on the outlook of the visuals.

The meeting was attended by Ms Marina Matijević from the Ministry of Education and Ms. Ivana Vučinić, Mr. Josip Genić and Mr. Ivan Marković from the VET Centre. The next team meeting is scheduled in the following 10 days.

Podgorica, 14 March 2018
