# AGENDA

# LECTURE

One very useful method among others

Main focus on knowledge transmission & acquisition

# ACTIVE LEARNING METHODS

Focus on competence development by learners: knowledge, technical & transversal skills, attitudes

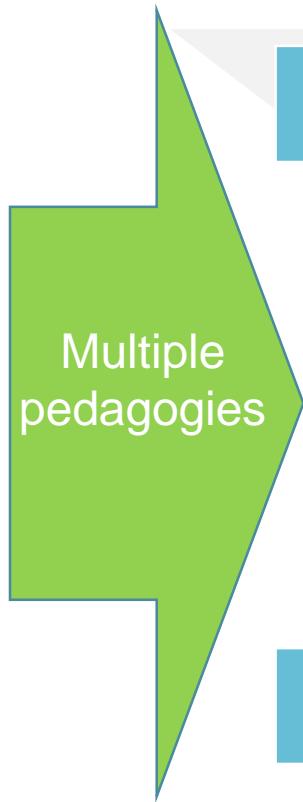

Copyright: Elon university

# NEED FOR MULTIPLE PEDAGOGIES – INCLUDING TRADITIONAL

Changes in labour market & changing skills demands

Evidence that engaging & differentiated pedagogies improve learning

## Technical Skills

Transversal skills, particularly:

- personal & emotional
- learning to learn
- digital
- entrepreneurship;

Basic skills:

- literacy, numeracy
- basic digital skills

## Key competences

# HOW TO ENSURE ACTIVE LEARNING – ESPECIALLY DURING THE COVID-19 CRISIS?

## Teacher A

It's a disaster that classroom-based learning is at risk!

It's too difficult for most teachers to keep active learning going online

Colleagues and I just try to get some content across, but learner's motivation is very low

We just post videos, check homework & tests

## Teacher B

This is an opportunity!

Colleagues and I enjoy testing out creative digital tools to ensure independent & active learning

Learning is more personalised, good learners & those challenged to follow the general pace in class, enjoy this

Interaction between learners and learners & teachers is easier
