COMPANY PROFILE FARA

COMPANY NAME: FARA

COMPANY OWNERSHIP: Private

COMPANY'S PRODUCTS/SERVICES: professional service and product provider in the field of information technology developing local tailor-made products, incl. automated smart farm solutions for digital monitoring and controlling of farmlands

COMPANY'S COMPETITIVE ADVANTAGES AND INNOVATION: the company builds solutions that do not exist but make people's lives easier; and provides existing solutions on the market at a cheaper rate. Innovations currently waiting for funding and patenting - a human interaction device prototype that simplifies human-devices interaction, relevant also for the sector of agriculture.

COMPANY'S STAGE OF DEVELOPMENT: an established company active since 2015, with activities implemented in Kosovo, Albania, North Macedonia and Montenegro

COMPANY'S BUSINESS OFFER/BUSINESS REQUEST FOR THE NETWORKING EVENT:
Looking for companies that need hardware solutions as well as universities and technological parks active in relevant fields

TYPE OF PARTNER SEARCHED AND COUNTRIES:
Partners who want to close the gap between their software and hardware solutions. There are companies that need hardware support or development for their solutions, in the form of mechatronics and electronics, and we provide to them the most efficient solutions, in terms of price, power consumption, and reliability. Priority focus on the Balkan region.
