EIT FOOD: Let's create the future of food together

Luca Cocolin,
Master contact in EIT Food
Università di Torino

EIT Food is supported by the EIT
a body of the European Union

What is the EIT?

The European Institute of Innovation and Technology (EIT) drives innovation in Europe by supporting entrepreneurs, innovators and students across Europe to turn their best ideas into reality.

How does the EIT work?

-  Trains a new generation of entrepreneurs
-  Develops innovative products and services
-  Power start-ups and scale-ups

The EIT's Innovation Communities create and find innovative solutions to major societal challenges

EIT Climate-KIC
Working to accelerate the transition to a zero-carbon economy

EIT Digital
Driving Europe's digital transformation

EIT Food
Leading a global revolution in food innovation and production

EIT Health
Giving EU citizens greater opportunities to enjoy a healthy life

EIT Urban Mobility
Smart, green and integrated transport

EIT Manufacturing
Strengthening and increasing the competitiveness of Europe's manufacturing industry

The EIT is growing!

EIT RawMaterials
Developing raw materials into a major strength for Europe

EIT InnoEnergy
Achieving a sustainable energy future for Europe

6100+
Jobs created

900+
New products and services

1.5B€
Investment raised by EIT ventures

2300+
Graduates completing EIT programmes

2000+
Ventures supported

50+
Innovation Hubs across Europe

Europe's one-stop shop for innovation

IMPROVING FOOD TOGETHER

A GUIDE TO EIT FOOD

EIT Food **accelerates innovation** to build a future-fit food system that produces healthy and sustainable food for all

WE ARE

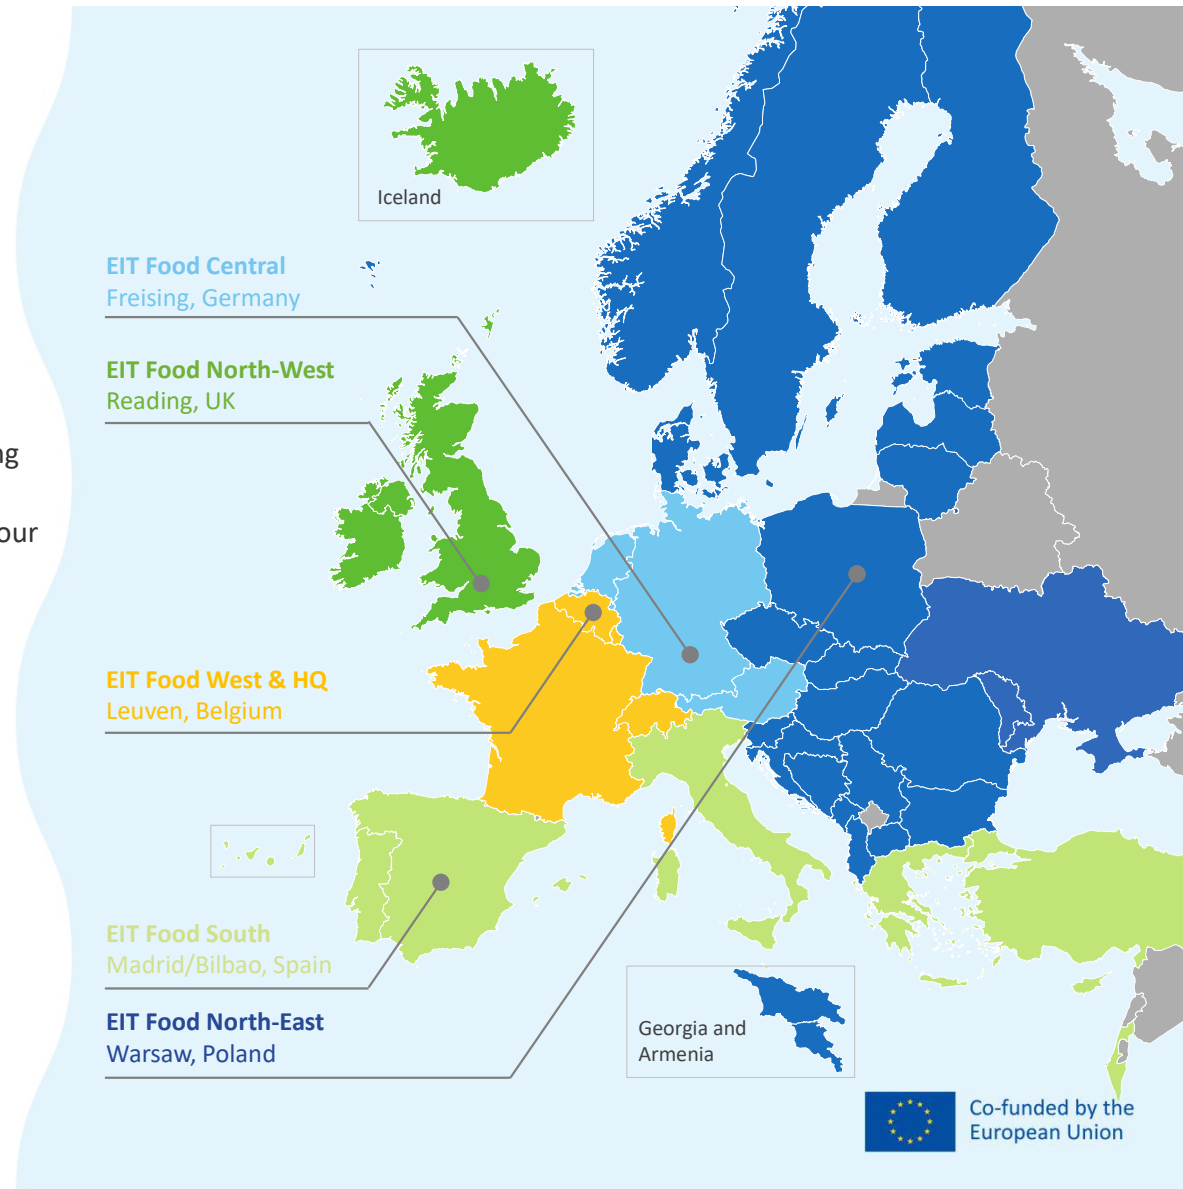

the world's **largest food open innovation community**, creating connections right across the food system. Supported by the EU, we **invest in projects, organisations and individuals** that share our goals for a healthy and sustainable food system.

WE BELIEVE

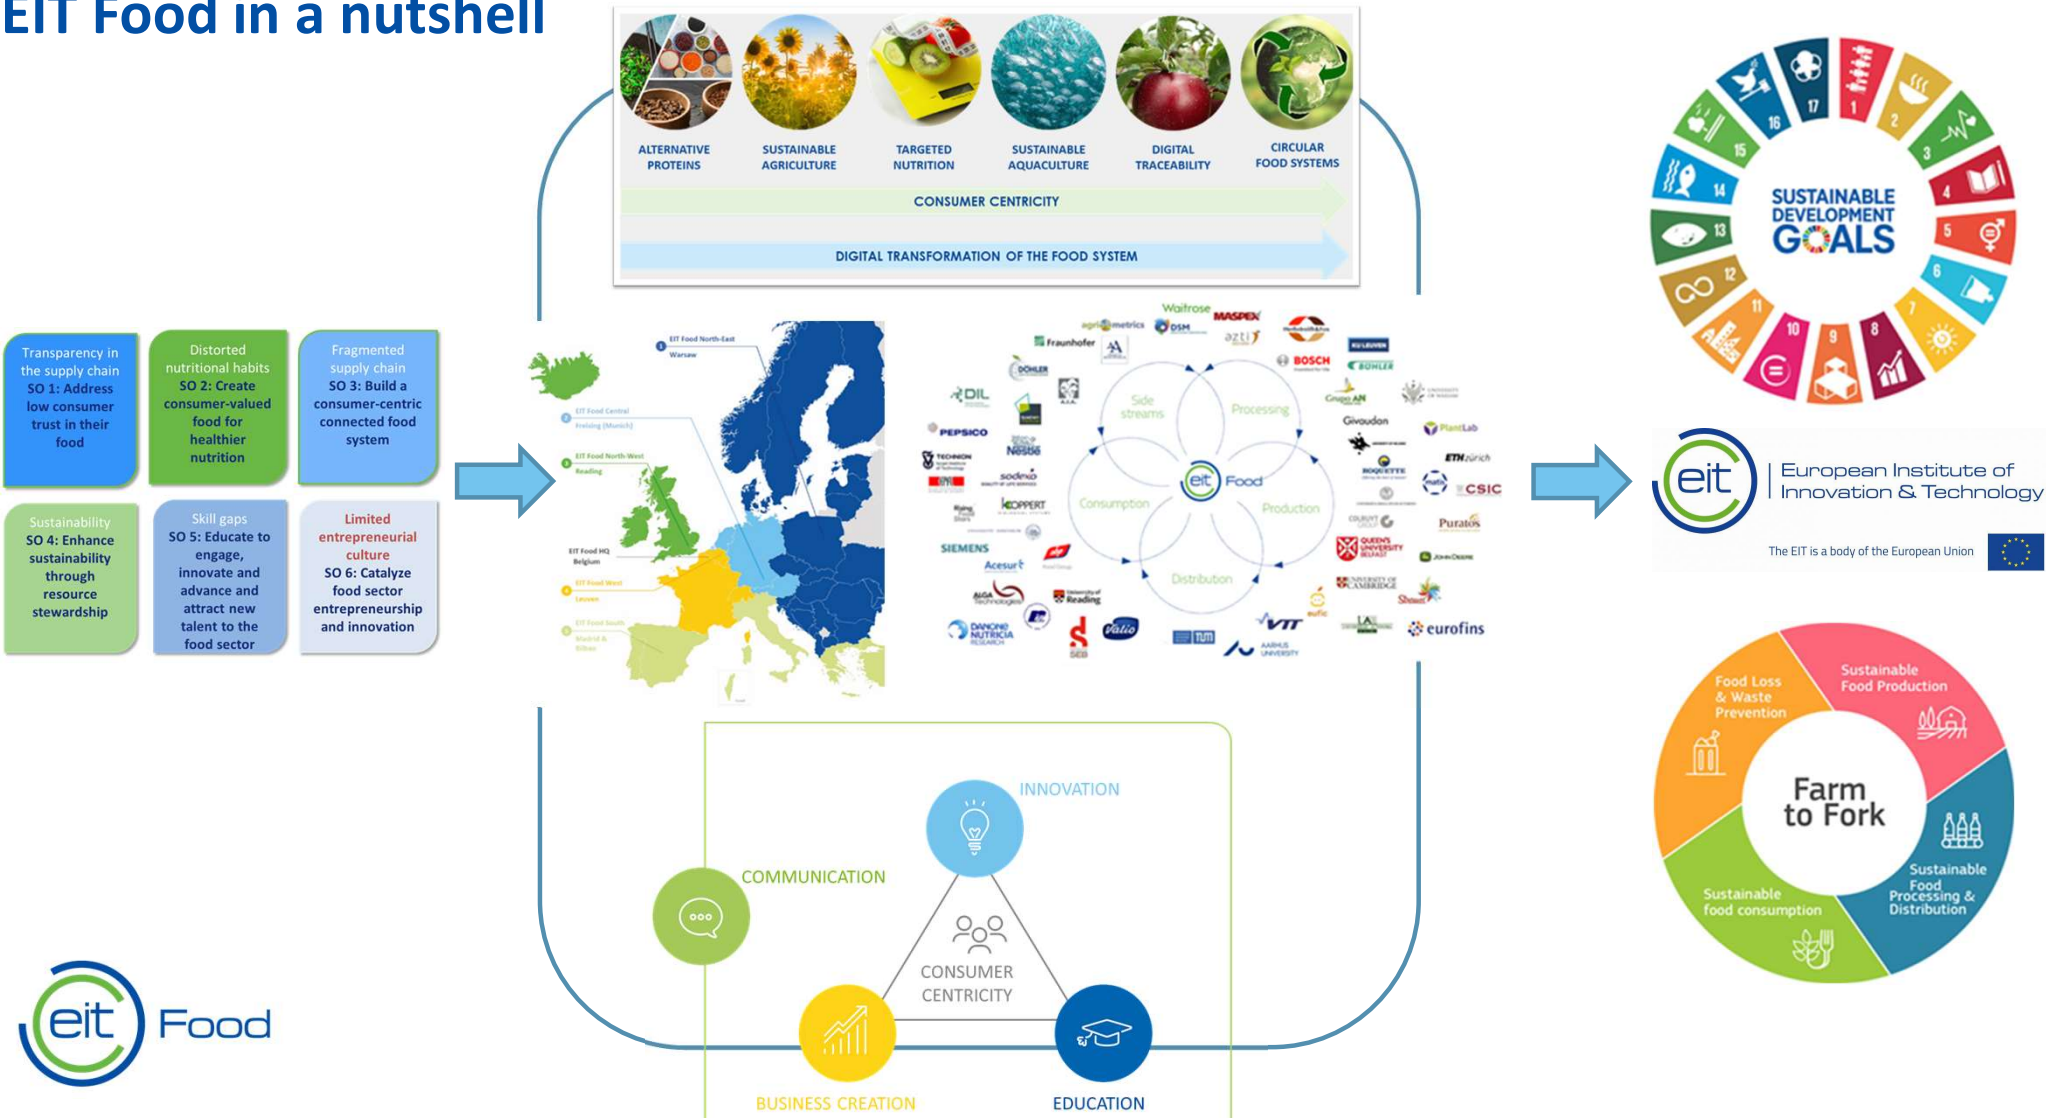

inclusive systems innovation, which **enables** all **people** and places to participate and benefit, is essential to a strong food system that is better for everyone.

TOGETHER

we will **build an innovative and resilient food system** that in turn creates a healthier society and planet.

EIT Food in a nutshell

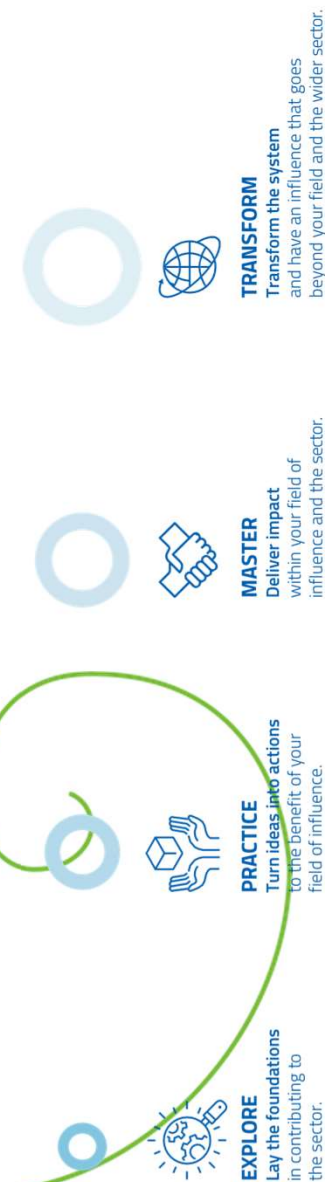

EIT Food Education
