

# WEBINAR

## Webinar: Empowering Sustainability Competences: Utilising the GreenComp Framework for Training Programs

8 JUNE 2023, 14:00 – 16:00 CEST

ONLINE

The webinar is organised by the **Institute for Research in Environment, Civil Engineering and Energy** (IECE) from North Macedonia with the support of the **ETF Community of Innovative Educators**

---

### SUMMARY:

The webinar “Empowering Sustainability Competences: Utilising the GreenComp Framework for Training Programs” aims to address and showcase the potential of the *GreenComp: the European sustainability competence framework* when creating training programs in the VET sector.

During the event, the participants will be invited to reflect on:

- how to apply the GreenComp Framework during the initial phase of assessment of the needs of the potential learners,
- how to create a competency matrix for a new sustainability training program.

Educators attending the webinar can benefit by learning more about a practical use of the GreenComp framework and get inspiration from the presentation of **two practical case studies**.
