## ETF NETWORK FOR EXCELLENCE - SISI: SHARING INNOVATION IN SOCIAL INCLUSION

Online (ZOOM) – FOURTH THEMATIC MEETING/WORKSHOP

**ROADMAP TO SOCIAL INCLUSION**  
**28TH JUNE 2023, 11.00 – 13:00 CEST**

## SUMMARY

The European Training Foundation (ETF)'s Network for Excellence - ENE - was launched in 2020 and is supporting CoVEs (Centers of Vocational Excellence) and VET providers towards excellence in relevant and quality skills delivery through strategic development partnerships. The global ENE network has more than 270 members from more than 40 different countries – and it is still growing. The purpose of ENE is to promote excellence and innovation in VET to support employment and education systems in a lifelong learning perspective. ENE is inspired by the Commission-led initiative in EU countries that establishes CoVEs, which represent networks of partners forming skills eco systems to promote high-quality VET provision. CoVEs vary in relation to the purpose, structure and functions.

Within ENE, the **Sharing Innovation in Social Inclusion - Skills for Inclusion VET initiative (SISI)** conducts peer activities and reviews and provides structured peer learning and practice sharing. It is implemented in collaboration with the ENAIP NET. **It provides reflections and policy recommendations on how VET institutions, policymakers, employer organizations and other relevant stakeholders work together to support the skills for inclusion agenda.**
