Objectives – Episode 9 (EP9)

As the world navigates rapid technological advancements, climate and demographic changes, and globalisation, excellence and innovation in education and lifelong learning are crucial for developing a capable, resilient, and adaptable workforce. This webinar aims to bring together thought leaders and researchers from International development organisations and countries to share good practices to promote excellence and foster continuous innovation in education and lifelong learning.

The two main objectives are:

- Promote Excellence in Education and Lifelong learning: Explore strategies for ensuring high standards of quality, relevance and inclusion.
- Foster Innovation: Showcase innovative practices in education and lifelong learning.

Target Audience

- Education and training policymakers, administrators, and educators
- Industry leaders, employers and workers
- International development organisations and NGOs
- Researchers and academics in education and training

Language

The working language of the webinar will be **English**.
