Join ETF's Knowledge Sharing Webinars on Vocational Excellence!

Embark on a journey toward vocational excellence with two engaging webinars, hosted by the European Training Foundation (ETF) as part of the EU funded Internationalising Vocational Excellence (IntVE) project. These sessions offer an inspiring look at vocational education and training (VET) centres advancing through innovative public-private partnerships.

On the 13th and 25th of November 2024 we started our journey towards vocational excellence with two lively and inspiring webinars. We introduced, the IntVE project and the topics of the knowledge packages discussed and we had a closer look in two highly interesting cases. Thanks to your input and participation we are looking back at two successful webinars. But the journey didn't stop and we work hard on a 'cookbook' with recipes for vocational excellence and two user friendly knowledge packages that guide you through the process of building vocational excellence. We can proudly announce that we come to the point that we can provide you an update and sneak peak in the developed tools during two new webinars that will take place in February and March 2025.

Did you miss the previous webinars? No worries, we warmly welcome to join us for the upcoming webinars in February and March 2025.

Reserve your spot and block the dates!

Dates: 24 February 2025 and 17 March 2025, 10:00-11:30 CET (via Teams, language: English)

- The webinar on Monday 24 February will focus on **strengthening private sector partnerships** for more impactful training that meet labour market and societal needs.
- The webinar on Monday 17 March will focus on how to leverage innovation and socio-economic development by **building effective skills ecosystems**

Don't miss this chance to learn, share, and network with peers! You'll receive the event link two days before the webinar. The detailed agenda will follow soon. Jump on board with us to advance vocational excellence together and [register here](#).

Don't miss this opportunity...

Like the previous webinars, we take you with us in the world of successful and leading CoVEs that share their mission, successes, and challenges, offering firsthand insights into achieving excellence through collaboration. But we go beyond sharing good practices. We will demonstrate the knowledge packages with hands on tools and the cookbook with inspiring recipes for vocational excellence. We invite you to join the discussion on how the tools can help you in your daily work and how to shape your future of vocational excellence.

If you would like to rewatch the video of the first two webinars take took place in November 2024, or would like to know more about the project and/ or vocational excellence in general, please check out the links below:
