Governance & leadership

Funding

Internationalisation

Teacher quality and development

Content responding to labour market and societal needs

Applied research

Quality assurance

Innovative pedagogy and work-based learning

Lifelong career guidance

Partnership and the wider ecosystem

# CREATE YOUR COUNTRY RECIPE!

1. Form groups per country (if you are the only one from your country create a mixed group)
2. Have a look at the example recipes at your table
3. Reflect on the ideas you collected throughout the last days and share them with each other
4. Come up with a joint recipe for the CoVEs in your country based on your experiences and the ideas you got during the passed days.
5. Write the recipe on the flip over.
6. Pitch your recipe in 2 minutes max.

# Enhancing Educational Quality Through Recognition

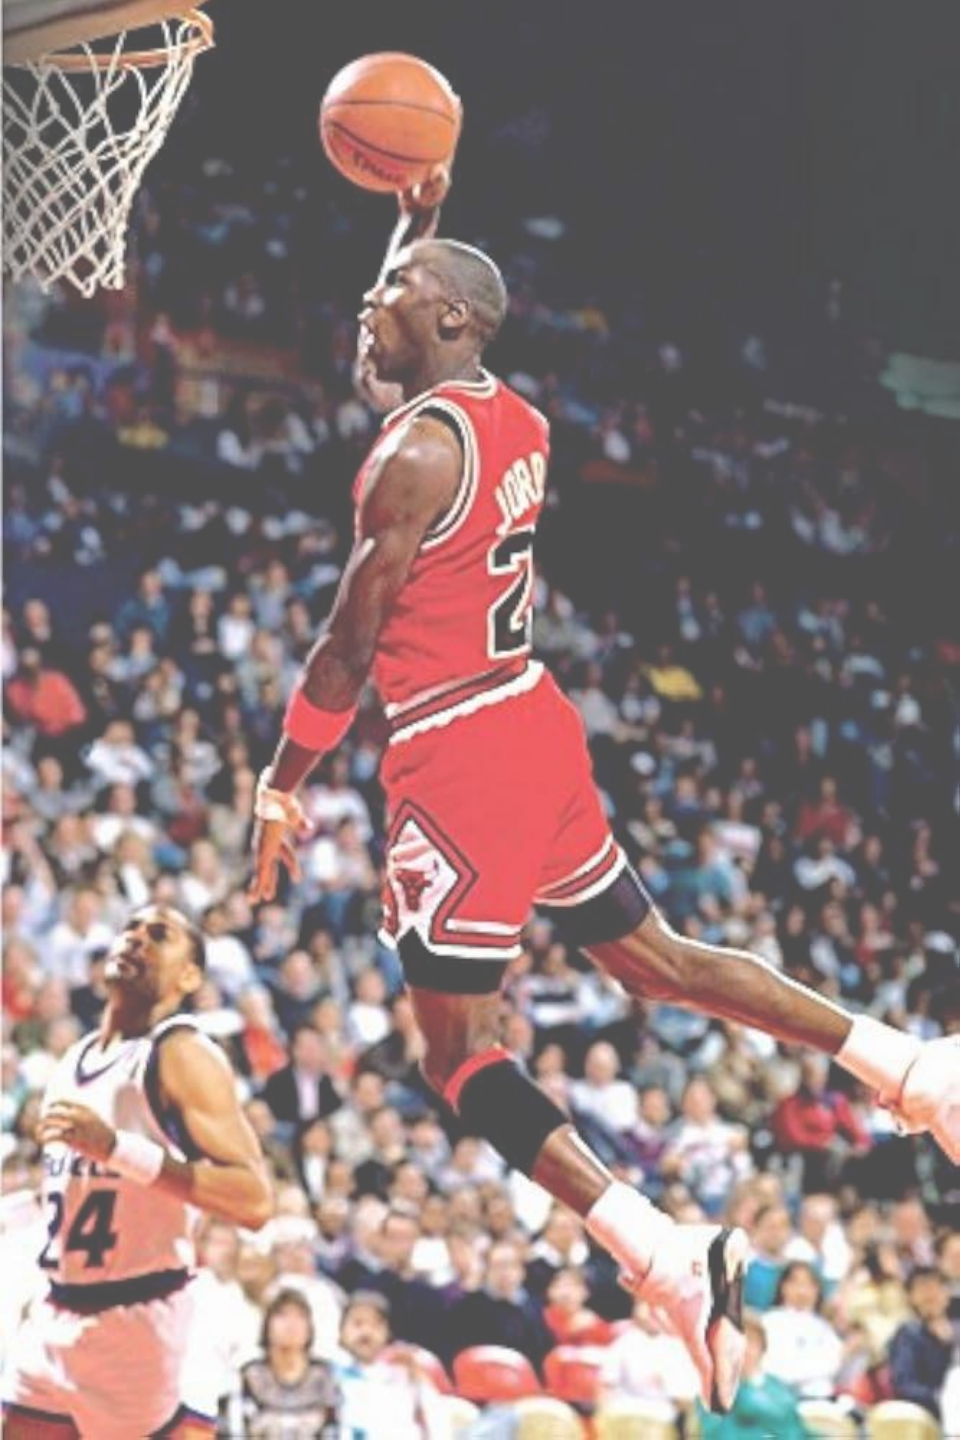

**Motivation**

**Inspiration**

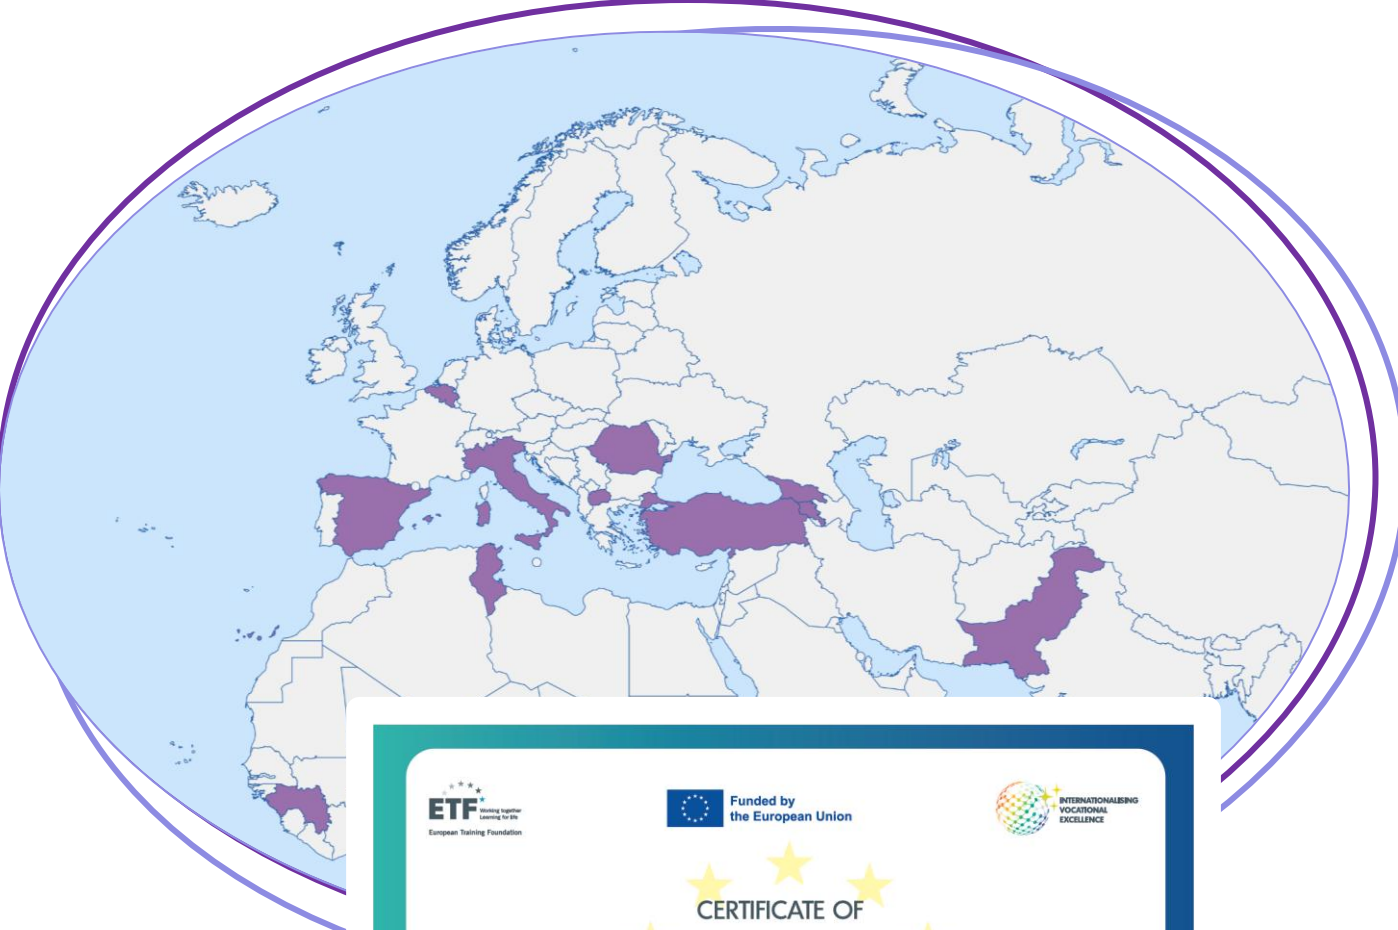

**Culture**

"Excellence isn't a one-week  
or one-year ideal. It is  
constant."

*Michael Jordan*
