
AGENDA

From Graz to the World: Inspiring the Future of Vocational Excellence

16TH SEPTEMBER 2026 – 12:00-13:00 CEST – ONLINE EVENT

Registration link: <https://us06web.zoom.us/meeting/register/DZp0vhkqRiScQaLwSLkQ1g>

The **ETF Network for Excellence (ENE)** promotes peer learning and knowledge exchange among Centres of Vocational Excellence (CoVEs), helping members learn from each other's experiences and translate innovative practices into action.

Following the 2026 **Forum on Vocational Excellence in Graz**, held under the theme "**Dual Education and Training for Competitive Regions**", this webinar will bring the Forum's key messages and practical insights to the wider ENE community.

Through reflections from the organisers and participants, the webinar will provide an opportunity to discuss emerging trends, share lessons learned and identify ideas that can inspire and strengthen Centres of Vocational Excellence across ETF partner countries.

Focus of the Session

This session will explore:

- key messages from Graz Forum on the role of dual education and training;
- how cooperation between VET providers and regional stakeholders can drive vocational excellence;
- perspectives on developing dual education and training approaches to respond to regional skills needs, and as drivers of skills development and competitiveness.

The online webinar will be held in English, with interpretation in French.

Time	Agenda Item	Owner
12:00 – 12:10	Welcome and Introduction	Susanne Nielsen , ETF Expert
